Technical Programme

Technical Programme sponsored by: Searcher

WEDNESDAY 24 JUNE 2020

SESSION 1 | SETTING THE SCENE

08:30	Introduction and Welcome **Ian Cross, Moyes & Co and Andy Butler, SundaGas**
08:40	Competing for Investment: Asia-Pacific Fiscal Systems and Gas Policies **Graham Kellas, Wood Mackenzie**
09:05	The Impact of Farmouts and M&A Deals on Exploration Activities and Success in SE Asia **Graeme Bagley, Westwood Global Energy**
09:30	Emerging Shifts in APAC's Upstream Investment Environment **Rachel Calvert, IHS Markit**
09:55	The Importance of Regional Work: Results of a SE-Asia Super-Regional Study – From Plate to Prospect **Andreas Kayser, Equinor**

10:20 | REFRESHMENT BREAK

SESSION 2 | ISLAND OF PAPUA

10:50	Developing an Exploration Strategy to Capture the Potential of the Eastern Papuan Basin, PNG **Des Leech, ExxonMobil**
11:15	The Oil Search Operated Main Block Toro Field, PNG **Simon Haworth, Oil Search**
11:40	Untapped Potential of PNG Foreland and Eastern Foldbelt **Richard Schroeder, Kina Petroleum**
12:05	New Observations on Structural Style and Structural Evolution in Bintuni Basin, Indonesia **Dee Hay, BP**

12:30 | LUNCH

SESSION 3 | WESTERN INDONESIA

13:30	Prize Talk - Kuala Langsa-1, North Sumatra **Geoff Bennett, Guest Speaker**
13:45	VIM Depositional Cycles, Regional Unconformities and the 'Pulsebeat' of Sedimentation Across the Sunda Region **Bob Morley, Palynova**
14:10	Shallow Gas Play Takes Off in West Natuna Sea, Indonesia **Amir Mahmud, Conrad Petroleum**
14:35	Integrated GGRP Study in Revealing Jabung Block, South Sumatra Basin – Indonesia Hidden Hydrocarbon Opportunity **I Gusti Agung Aditya Surya Wibawa, PetroChina**
15:00	From Biostrat to Bright Spots, Unlocking the Hidden Potential of Offshore Aceh's Cenozoic Andaman Sub-Basin, Northern Sumatra, Indonesia **Damion Rudd, Mubadala Petroleum**

15:25 | REFRESHMENT BREAK

SESSION 4 | MALAYSIA

16:00	Seismic Signatures of Pinnacles: A Catalogue from Central Luconia **Jan Rindschwentner, Sapura-OMV**
16:25	Sarawak Cycle I Clastic Sources – Insights From Heavy Minerals and Detrital Zircon U-Pb Geochronology **Yasir Said, Royal Holloway, University of London**
16:50	Exploration in Malaysia - Overlooked Plays and High Impact Drilling Opportunities in Luconia **Pierre Eliet, Coro Energy and Petronas**
17:15	Modern Seismic Re-Ignites the Exploration Potential of NW Borneo **Tad Choi, PGS**

EVENING RECEPTION

THURSDAY 25 JUNE 2020

SESSION 5 | BAY OF BENGAL

08:30	Complex Structural Evolution at the Heel of SE Asia: the Interplay between Plate Tectonics, Structure, Paleogeography and Basin Evolution between Sumatra and Myanmar **Jon Teasdale, Geognostics / Mubadala Petroleum / Palynova**
08:55	East Coast India Exploration - Title TBC **BP**
09:20	A Fresh Look at Sri Lanka Offshore Basins - Breakup of Gondwana **Ching Tu, Schlumberger**
09:45	Following in the Footsteps of a Southern Success: Replicating A-6 Outcomes in the Northern Myanmar Blocks **Megan Smith, Woodside Energy**

10:10 | REFRESHMENT BREAK

SESSION 6 | TIMOR-LESTE / AUSTRALIA

10:40	Licence Round Announcement - Timor-Leste **Mateus Da Costa, ANPM**
10:50	Moving Into the Light. New Perspectives for Offshore Timor-Leste Hydrocarbon Prospectivity **Paul Robinson, ANPM / Discover Geoscience**
11:15	Mid-Crustal Detachment Beneath Southern Timor-Leste: Seismic Evidence for Australian Basement in the Timor Collision Complex (and Implications for Prospectivity) **Tim Charlton, TIMOR GAP**
11:40	The Permian-Triassic Boundary on Australia's North West Shelf: Investigating the Possible Extent of New Hydrocarbon Plays **Steve Abbott, Geoscience Australia**
12:05	Prospectivity of the Vulcan Sub-Basin. The Power of New Seismic Imaging to Unlock a Basin's Secrets **Simon Molyneux, Molyneux Advisors**

12:30 | LUNCH

SESSION 7 | AUSTRALIA CONTINUED

13:30	Update on Australia's Oil and Gas Opportunities **Tom Bernecker, Geoscience Australia**
13:40	Australia's Exploration Renaissance: An Overview of Recent Discoveries **Ian Cockerill, RISC Advisory**
14:05	The Perth Basin, Implications for Australia's Next Major Gas Province **Stuart Nicholls, Strike Energy**
14:30	The Roebuck Basin – Over 40 Years of Patience **William Plampton, IHS Markit**

14:55 | REFRESHMENT BREAK

SESSION 8 | NEW FRONTIERS

15:30	Insights into the Petroleum Prospectivity of the Huon Gulf, A Newly Defined Sub-Basin in the Cape Vogel Basin, PNG **Simon Crellin, Searcher Seismic**
15:55	Tectonic and Stratigraphic Evolution of the Mongolian Valley of Lakes Basin Complex and New Evidence of Substantial Hydrocarbon Potential **Jerry Smart, PetroMatad**
16:20	A Brief History of Hydrocarbon Exploration and Potential in the Democratic Peoples' Republic of Korea **Mike Pereira-Rego, Rego Exploration Ltd**
16:55	Neogene Volcanic Fields in Japan **Andy Racey, Andy Racey Geoscience Ltd.**

EVENING PUB CRAWL

Please note this programme is subject to change.
